

Mission Statement - PAP

I am devoted to graduating my bachelors degree program and maintaining a 3.5 grade point average or higher. My consistent proactivity, perseverance, and professionalism will enable me to take the most out of each class, completing my assignments on time and to the best of my ability. Creating a popular app is my ultimate goal. As a professional I will practice writing code in my own time to accelerate and further my skills to become a great mobile application developer. I will persevere by staying focused on the end result. This is my life and I choose not to fail!

Mission Statement – TEM

Graduating my mobile development program with a minimum average GPA of at least 3.5 is my goal. I will accomplish this task with my perseverance, proactivity, and professionalism. My professional approach to my assignments will have them done to the best of my ability every time. I will do this by being proactive and finishing my assignments in a timely manner. My perseverance will drive me through each course week by week, finishing all my work on time and aiming above and beyond the basic requirements. I'm committed to do all of this because I will not fail, not now, not ever.
